

Leave Management Solutions

AI-Powered Agents for a Seamless HR Experience

Key Challenges - in HR Today

- HR teams balance recruitment, onboarding, and employee management
- Managing hybrid work models, compliance, and global teams is complex
- Growing workloads and limited resources increase pressure on HR professionals

Copilot Studio – Your AI Solution

- A low-code platform for creating customizable HR agents
- Integrates seamlessly into Microsoft 365 and leverages generative AI
- Streamline recruitment, onboarding, and employee lifecycle management for maximum productivity

Leave Management Agent – Simplify Time-Off

- Streamlines time-off requests, approvals, and policy tracking
- Employees can easily submit and review their time-off history
- HR and managers save time and reduce manual tracking, ensuring accuracy and transparency

Wellness Check Agent – Promote Employee Well-being

- Supports employee wellness with reminders for healthy habits via Teams
- Offers tips on mental and physical health from credible sources like the CDC and NIH
- Customizable to provide wellness recommendations like breathing exercises and journaling prompts, enhancing work-life balance and productivity

Awards & Recognition Agent – Celebrate Successes

- Facilitates the nomination process and allows employees to recognize peers
- Helps HR assess contributions and behaviors relevant to specific awards
- Boosts morale, engagement, and a culture of appreciation, enhancing employee satisfaction and performance

Inclusivity Agent – Build a Respectful Workplace

-
- Promotes an inclusive culture by guiding respectful interactions and pronoun usage
 - Increases employee awareness and supports a welcoming, equitable environment
 - Helps teams embrace diversity, fostering a positive and supportive workplace culture

Job Craft Agent – Streamline Hiring Prep

- Generates job descriptions, interview questions, and role specifications based on input
- Reduces time spent on creating job details, ensuring clarity and alignment with role requirements
- Enhances candidate quality, improving the efficiency of the hiring process and building a strong talent pool
